Criteria and Guidelines for Film LA DRP Referrals in the Santa Monica Mountains

Updated: May 1, 2018

Information to be asked by Film LA:

- Specific location(s) for filming, simple site plan/pinpoint on aerial image where filming will occur. Photographs of area to help clarify, if needed.
- Will new construction of any set or set material be required?
- Will vegetation/wildlife/natural habitat be disturbed by the film activity? Explanation of yes or no response.
- What type of equipment will be utilized for filming activities, and where will the equipment be stored? Are any generators or other fuel sources proposed?
- How many crew will be on set? What are the proposed hours of operation, including set and strike?
- How many trucks, trailers, and other vehicles or machinery will be on set, and where will they be stored? Have the production list the types of machinery (for example, cranes, fans, trucks, generators, special effects equipment, etc.).

Criteria for Permits that do not need referral to DRP:

1. Projects that do not require construction of any temporary or permanent structure.
2. Projects that require no brush clearance, vegetation removal, or placement of any permanent or temporary structure within protected zones of native trees, such as oak trees
3. Projects filming within existing structures and/or where no modifications need to be made
4. Projects where only persons and/or hand-carried items will be present within vegetated habitat areas (ex: filming under an oak tree should not include installation of material in the ground or on the tree)
5. Projects which do not involve the alteration of the physical environment, such as the staging of equipment and crew, including trucks and other large equipment for filming (fans, wires, cranes, etc.) and where the potential for noise, lighting, air quality impacts is not significant.

Situations where DRP may want to review filming event:

1. Events using wildlife or domestic animals in sensitive habitat areas (want to look at animal containment and cleanup programs when events are near sensitive habitats)
2. Construction or modification of temporary or permanent structures and any structure that would normally require a building permit.
3. Movement of vegetation, Use of nursery stock/new landscape/reseeding of vegetation
4. Filming in or near any sandy beach area under County jurisdiction (i.e. Nicholas Canyon and Topanga County Beaches, Leo Carrillo State Park beach area)
5. Grading, digging, trenching, mining or extraction of materials
6. Discharge or disposal of gaseous, liquid, solid, or thermal waste
7. The use of fireworks, explosions, pyrotechnics, and fire, including bonfires, fire-pits or campfires.
8. Projects that involve the alteration of the physical environment, such as the staging of equipment and crew, including large amounts of trucks and other large equipment for filming (fans, wires, cranes, aircraft, etc.) and where the potential for noise, traffic, lighting, and air quality impacts are significant.

SANTA MONICA MOUNTAINS FILMING GUIDELINES

GENERAL CONDITIONS:

1. At any time, the Director of Regional Planning may determine that any filming activity requires a use permit when the unique circumstances of a filming event have the potential for development, grading, construction, or significant adverse impacts on coastal resources or public access.
2. If substantial changes to filming activities occur after initial approval from FilmLA, the filming event shall be subject to further review and approval by FilmLA and/or Regional Planning and may also be required to obtain a use permit for such activities.
3. The construction or creation of new access-ways, driveways, bridges, water-crossings, roads, or paths is prohibited. Digging, grading, or removal of dirt, sand, or earth is prohibited. The dumping of fill dirt, sand, or other material is also prohibited. A Dust Mitigation plan must be prepared and implemented to control fugitive dust, such as from travelling vehicles, etc.
4. The construction or placement of any permanent structures, sets, and props requiring a foundation or footing such as concrete, gravel, or fill material is prohibited. There shall be no splicing of power lines.
5. The removal, trimming, damage, or destruction of any vegetation or trees, including dead vegetation and trees is prohibited.
6. In undisturbed vegetated areas, the following activities are prohibited: Parking of vehicles and trailers, Storage of equipment, Placement of tents, canopies, sets, props, or lighting. Areas that are permissible for these activities include graded, cleared, paved, or mowed areas without sensitive habitat(s).
7. Helicopter landings and/or takeoffs, heliports, and helistops are strictly prohibited within Coastal areas.
8. The permittee shall obtain, and abide by all provisions of, an encroachment permit from the Department of Public Works for all activities within and impacting the Right-of-Way, to the satisfaction of such department.
9. The placement of any structure, equipment, or vehicle underneath or within five (5) feet of the canopy or fifteen (15) from the trunk of any protected tree is prohibited. Do not pour or empty water or any other liquid around the base of any native or protected tree.

10. The dumping, emptying, or discharge of any material, substance, or liquid into a stream, creek, or drainage course is prohibited. Drainage courses include dry channels and any paths that run downslope into the drainage course or channel.
11. Spill containment shall be placed under all vehicles (historic vehicles, prop vehicles, construction vehicles) and generators on site. Spill kits shall be made available in easily accessed locations on site for immediate spill cleanup.
12. The painting or coloring of any existing vegetation is prohibited.
13. For "greening" of the set, only artificial plants may be used. The use of non-artificial plants is prohibited without prior County approval. All non-artificial plant material must be certified pest free. The use of invasive plant species is prohibited.
14. Smoking is prohibited (cast/crew/filming included). Fire Extinguishers shall be maintained on the premises at all times.
15. During nighttime filming, set or strike activities, all sources of lighting and sound shall not trespass onto neighboring properties. All lighting and/or noise associated with Filming activities shall cease after 10:00pm unless otherwise modified by permit.
16. All lighting shall be fully shielded and pointed downwards. Night lights are prohibited from directly shining on to active bird nests or any other sensitive habitat.
17. Do not remove, damage, or impact any bird nest or animal den, including lighting impacts.
18. Trash receptacles shall be secured to prevent access by wildlife.
19. Continuous or sustained noise over 60 decibels (Normal Conversation Level) is prohibited near sensitive habitat and wildlife locations, such as active bird nests or animal dens.
20. Any wildlife or animals used on the set or for filming activities must be properly contained. Animal waste must be properly collected and disposed in trash receptacles and hauled off-site. Animal waste shall not be allowed to discharge or drain into streams or drainage courses. All wildlife and animals used must obtain all necessary authorizations and permits from applicable agencies including, but not limited to the Department of Fish and Wildlife, Animal Care and Control, etc.
21. Any person who performs or undertakes development within the Coastal area that is in violation of the Local Implementation Program may be civilly liable and may face fines not less than \$1,000 per day for each day in which the violation persists.

Los Angeles County Dept. of Regional Planning**Conditions for Filming at Calamigos Ranch:**

1. At any time, the Director of Regional Planning may determine that any filming activity requires a Coastal Development Permit (CDP) when the unique circumstances of a filming event have the potential for significant adverse impacts on coastal resources or public access.
2. If substantial changes to filming activities occur after initial approval from FilmLA, the filming event shall be subject to further review and approval by FilmLA and/or Regional Planning and may also be required to obtain a CDP for such activities.
3. The construction or placement of any permanent structures, sets, and props requiring a foundation or footing such as concrete, gravel, or fill material is prohibited. There shall be no splicing of power lines.
4. In undisturbed vegetated areas, the following activities are prohibited: Parking of vehicles and trailers, Storage of equipment, Placement of tents, canopies, sets, props, or lighting. Areas that are permissible for these activities include graded, cleared, paved, or mowed areas without sensitive habitat(s).
5. The placement of any structure, equipment, or vehicle underneath or within five (5) feet of the canopy of any Oak, native, or other protected tree is prohibited. Do not pour or empty water or any other liquid around the base of any native or protected tree.
6. During nighttime filming, set or strike activities, all sources of lighting and sound shall not trespass onto neighboring properties.
7. All lighting shall be fully shielded and pointed downwards. Night lights are prohibited from directly shining on to active bird nests or any other sensitive habitat.
8. The painting or coloring of any existing vegetation is prohibited.

Criteria and Guidelines for Film LA DRP Referrals in the Santa Monica Mountains

Updated: May 1, 2018

Information to be asked by Film LA:

- Specific location(s) for filming, simple site plan/pinpoint on aerial image where filming will occur. Photographs of area to help clarify, if needed.
- Will new construction of any set or set material be required?
- Will vegetation/wildlife/natural habitat be disturbed by the film activity? Explanation of yes or no response.
- What type of equipment will be utilized for filming activities, and where will the equipment be stored? Are any generators or other fuel sources proposed?
- How many crew will be on set? What are the proposed hours of operation, including set and strike?
- How many trucks, trailers, and other vehicles or machinery will be on set, and where will they be stored? Have the production list the types of machinery (for example, cranes, fans, trucks, generators, special effects equipment, etc.).

Criteria for Permits that do not need referral to DRP:

1. Projects that do not require construction of any temporary or permanent structure.
2. Projects that require no brush clearance, vegetation removal, or placement of any permanent or temporary structure within protected zones of native trees, such as oak trees
3. Projects filming within existing structures and/or where no modifications need to be made
4. Projects where only persons and/or hand-carried items will be present within vegetated habitat areas (ex: filming under an oak tree should not include installation of material in the ground or on the tree)
5. Projects which do not involve the alteration of the physical environment, such as the staging of equipment and crew, including trucks and other large equipment for filming (fans, wires, cranes, etc.) and where the potential for noise, lighting, air quality impacts is not significant.

Situations where DRP may want to review filming event:

1. Events using wildlife or domestic animals in sensitive habitat areas (want to look at animal containment and cleanup programs when events are near sensitive habitats)
2. Construction or modification of temporary or permanent structures and any structure that would normally require a building permit.
3. Movement of vegetation, Use of nursery stock/new landscape/reseeding of vegetation
4. Filming in or near any sandy beach area under County jurisdiction (i.e. Nicholas Canyon and Topanga County Beaches, Leo Carrillo State Park beach area)
5. Grading, digging, trenching, mining or extraction of materials
6. Discharge or disposal of gaseous, liquid, solid, or thermal waste
7. The use of fireworks, explosions, pyrotechnics, and fire, including bonfires, fire-pits or campfires.
8. Projects that involve the alteration of the physical environment, such as the staging of equipment and crew, including large amounts of trucks and other large equipment for filming (fans, wires, cranes, aircraft, etc.) and where the potential for noise, traffic, lighting, and air quality impacts are significant.

SANTA MONICA MOUNTAINS FILMING GUIDELINES

GENERAL CONDITIONS:

1. At any time, the Director of Regional Planning may determine that any filming activity requires a use permit when the unique circumstances of a filming event have the potential for development, grading, construction, or significant adverse impacts on coastal resources or public access.
2. If substantial changes to filming activities occur after initial approval from FilmLA, the filming event shall be subject to further review and approval by FilmLA and/or Regional Planning and may also be required to obtain a use permit for such activities.
3. The construction or creation of new access-ways, driveways, bridges, water-crossings, roads, or paths is prohibited. Digging, grading, or removal of dirt, sand, or earth is prohibited. The dumping of fill dirt, sand, or other material is also prohibited. A Dust Mitigation plan must be prepared and implemented to control fugitive dust, such as from travelling vehicles, etc.
4. The construction or placement of any permanent structures, sets, and props requiring a foundation or footing such as concrete, gravel, or fill material is prohibited. There shall be no splicing of power lines.
5. The removal, trimming, damage, or destruction of any vegetation or trees, including dead vegetation and trees is prohibited.
6. In undisturbed vegetated areas, the following activities are prohibited: Parking of vehicles and trailers, Storage of equipment, Placement of tents, canopies, sets, props, or lighting. Areas that are permissible for these activities include graded, cleared, paved, or mowed areas without sensitive habitat(s).
7. Helicopter landings and/or takeoffs, heliports, and helistops are strictly prohibited within Coastal areas.
8. The permittee shall obtain, and abide by all provisions of, an encroachment permit from the Department of Public Works for all activities within and impacting the Right-of-Way, to the satisfaction of such department.
9. The placement of any structure, equipment, or vehicle underneath or within five (5) feet of the canopy or fifteen (15) from the trunk of any protected tree is prohibited. Do not pour or empty water or any other liquid around the base of any native or protected tree.

10. The dumping, emptying, or discharge of any material, substance, or liquid into a stream, creek, or drainage course is prohibited. Drainage courses include dry channels and any paths that run downslope into the drainage course or channel.
11. Spill containment shall be placed under all vehicles (historic vehicles, prop vehicles, construction vehicles) and generators on site. Spill kits shall be made available in easily accessed locations on site for immediate spill cleanup.
12. The painting or coloring of any existing vegetation is prohibited.
13. For "greening" of the set, only artificial plants may be used. The use of non-artificial plants is prohibited without prior County approval. All non-artificial plant material must be certified pest free. The use of invasive plant species is prohibited.
14. Smoking is prohibited (cast/crew/filming included). Fire Extinguishers shall be maintained on the premises at all times.
15. During nighttime filming, set or strike activities, all sources of lighting and sound shall not trespass onto neighboring properties. All lighting and/or noise associated with Filming activities shall cease after 10:00pm unless otherwise modified by permit.
16. All lighting shall be fully shielded and pointed downwards. Night lights are prohibited from directly shining on to active bird nests or any other sensitive habitat.
17. Do not remove, damage, or impact any bird nest or animal den, including lighting impacts.
18. Trash receptacles shall be secured to prevent access by wildlife.
19. Continuous or sustained noise over 60 decibels (Normal Conversation Level) is prohibited near sensitive habitat and wildlife locations, such as active bird nests or animal dens.
20. Any wildlife or animals used on the set or for filming activities must be properly contained. Animal waste must be properly collected and disposed in trash receptacles and hauled off-site. Animal waste shall not be allowed to discharge or drain into streams or drainage courses. All wildlife and animals used must obtain all necessary authorizations and permits from applicable agencies including, but not limited to the Department of Fish and Wildlife, Animal Care and Control, etc.
21. Any person who performs or undertakes development within the Coastal area that is in violation of the Local Implementation Program may be civilly liable and may face fines not less than \$1,000 per day for each day in which the violation persists.
